

Labcold -40°C Ultra Low Temperature 538 litre VIP Freezer

The Labcold 538 litre ULT freezer features VIP technology and is designed to provide a large amount of storage whilst occupying as little laboratory space as possible.

Featuring two energy saving Danfoss compressors this freezer can pull down to -40°C in an impressive 4 hours. Due to the accurate microprocessor controller, the set point can be adjusted by one degree increments making the freezer extremely versatile and adaptable.
