

RLHD13043 Sparkfree Refrigerator

The **Labcold** Sparkfree range is engineered to store flammable materials safely with no sources of ignition inside the chambers. Anything that could cause a spark is located outside of the chamber.

Warning: Do not store open containers of volatile substances in this fridge.

Designed specifically for laboratory safety with a sparkfree interior and factory fitted with a door lock for optimum security.

This model comes with a temperature display and a high and low temperature alarm. Six adjustable shelves allow you to adjust the interior to your requirements and has automatic defrost for your convenience.

Did you know that 25% of chemical accidents are caused by improper storage?
